

You're Invited!

Join us for a "Social Hour" on making the most of your Social Security Benefits.
Do you have questions about Social Security? You're in good company!

It seems simple enough. You pay into Social Security during your working years, and you collect when you retire. Unfortunately, it's not that simple! Social Security is often misunderstood. Join us for complimentary wine, cheese, and conversation featuring Deputy Regional Communication Director, Social Security Administration. You will learn more about the following common questions:

How much will my benefit be? Should I wait to file?

What is "file and suspend?" What about benefits for my non-working spouse?

What if I'm divorced? Remarried? Same-sex marriage?

When should I apply? What if I want to keep working?

What is the best strategy for me?
